# HOW WHOLESALE WORKS

---

Purchasing wholesale is easy when you choose to shop with HoneyComb Wax Company! We have structured wholesale pricing based on tiers so everyone can shop with us. You don't need to be a big-box retailer to save on bulk pricing.

## STEP 1

ALL OF OUR PRODUCTS ARE ON OUR WEBSITE OR YOU CAN VIEW THEM BELOW.

REVIEW PRODUCTS  
AND PRICING

## STEP 2

HERE AT HONEYCOMB, WE WANT TO BE AS PERSONABLE AS POSSIBLE. YOUR REPRESENTATIVE CAN HELP EXPLAIN THE DIFFERENT TIERS AND SAVINGS WE HAVE. [SUPPORT@HONEYCOMBWAXCO.COM](mailto:support@honeycombwaxco.com) OR YOU CAN ORDER ONLINE.

REACH OUT OR  
ORDER ONLINE

## STEP 3

YOU CAN PURCHASE VIA OUR WEBSITE FROM EACH PRODUCT PAGE, VIA INVOICE, AND SET UP A RECURRING BILLING, SO YOU NEVER FORGET ABOUT PURCHASING WAX AGAIN.

PLACE YOUR  
ORDER

## STEP 4

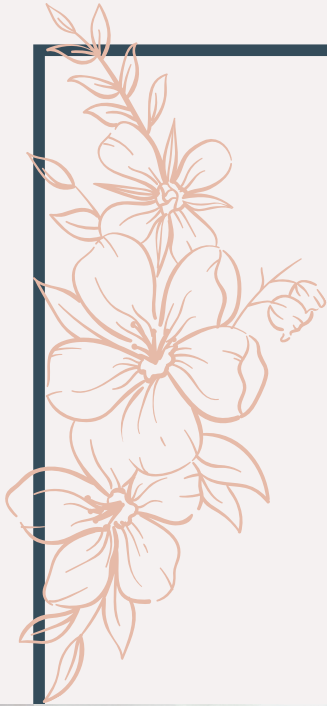

ENJOY YOUR  
ORDER

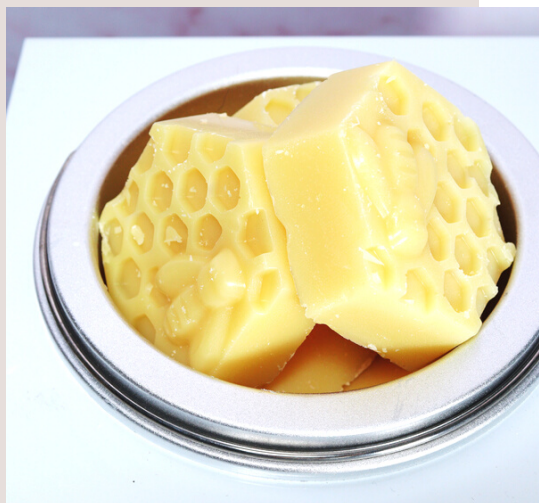

# HARD WAX

Our wax can be purchased in bulk to save you money and time. Never run short again. Our Hard wax is manufactured in USA and all of the ingredients used are sourced locally as well.

# SMOOTH NECTAR HARD WAX

Smooth Nectar Hard Wax is different from your typical wax on the market. Our very own founder formulated it in her kitchen many years ago. She formulated it because she wanted to make a type of wax that suits the needs any esthetician would encounter during a full day of waxing. Our goal with this formulation is to have an all-natural product that works for all hair types.

It shrinks wraps around each hair follicle to take away even the shortest, coarsest, and most stubborn hair from the root, so the skin stays smoother longer without any breakage. Its gentle hydrating formula will help exfoliate the top layer of skin while preserving the skin's barrier. It is gentle enough for the most delicate areas, and strong enough to pull even the most stubborn hair.

Ingredients: Glycerol Rosinate,  
Microcrystalline Wax, Paraffin,  
Paraffinum Liquidum

- Suitable for all hair types
- Cruelty-Free
- Vegan
- Great for beginners or senior waxers
- Works like traditional European wax with the benefits of natural wax
- Made in the USA

Sizing Available:

1 LB	90 LB
2.2 LB	150 LB
5 LB	250 LB
10 LB	5 00LB
30 LB	1000 LB
50 LB	2500 LB
70 LB	

## HOW TO USE

- Set your wax warmer to 75C until the wax is about half-melted. Then turn the warmer temperature down slightly to 45-55C to hold its temperature all day.
- The wax needs to be a butter consistency so it's thick enough that it doesn't fall off the wax stick quickly and doesn't run off the wax stick. You want it to ball up and slowly drop off the stick.
- Apply to yourself to test the wax temperature. It should feel only warm to the skin.
- Twirl your stick to help determine when you have the right consistency and desired application temperature.
- Smooth Nectar is the perfect wax for your Brazilian Wax. Every esthetician has their own technique when it comes to Brazilian Waxing. Here are a few tips to ensure you're getting the most out of Smooth Nectar Hard Wax: Apply ample pressure, apply in the direction of hair growth, and pull against the direction of hair growth. Pull fast for maximum client comfort.

## PRO-TIP

- Apply oil before you wax.
- Pull large strips immediately.
- Apply Ample pressure
- Hold skin taut to minimize discomfort

# WILD HONEY HARD WAX

Truly one of a kind of hard wax. Has all the benefits of natural wax with the flexibility and elasticity of a polymer wax. Wild Honey brings the wildflower garden to you as a European film hard wax to your clients. This formula is perfect for all body types, skin types, and hair types. It pulls the finest of hair with ease and tackles the toughest, coarsest hair. The beautiful aroma will provide a calming environment for both you and your clients. Wild Honey is the highest quality premium hard wax on the market. Which just so happens to be vegan and extremely gentle. This extremely elastic wax is ideal for both fine and coarse hair. Wild Honey Hard Wax can be used on the face, bikini, and body. It is a low-temperature hard wax formulated by our own founder and manufactured here in the USA. We only use the highest quality ingredients in our formulas.

Ingredients: Glycerol Rosinate, Microcrystalline Wax, Paraffin, Paraffinum Liquidum, Ethylene-Vinyl Acetate Copolymer, Mica, Titanium Dioxide, Iron Oxide, Biodegradable Glitter, Natural Fragrance

# SOFT WAX

Our wax can be purchased in bulk to save you money and time. Never run short again. Our soft wax is manufactured in the USA and all of the ingredients used are sourced locally as well.

# SMOOTH NECTAR SOFT WAX

HoneyComb's Smooth Nectar Soft Wax is the perfect soft wax for sensitive skin. This soft strip wax melts at a low temperature. Our soft wax was formulated to be applied in thin layers on large body areas for an economical and effective depilatory service. Our founder developed this product and our Smooth Nectar Hard Wax to adhere to the shortest and thinnest hairs. It is easy to apply and easy to remove. Its recommended to use on leg hair, back hair, and arm hair and can be used on the body's more sensitive areas. Our Soft Wax formula provides effortless hair removal. This natural formulation, combined with its low melting point, will help reduce redness and overall discomfort. It is made of unprocessed locally sourced pine rosin, microcrystalline, and mineral oil.

Ingredients: Glycerol Rosinate,  
Paraffinum Liquidum

## HOW TO USE

- Turn your wax pot on to your desired temperature.
- We recommend setting it to 75C until the wax is ½ way melted and then turning it down to 35C to hold its temperature all day.
- The wax needs to be a butter consistency. Thick, doesn't fall off the wax stick quickly, doesn't run off the wax stick. You want it to the ball and slowly droop off the stick.
- Apply to yourself to test temperature. Should not burn or feel hot. It should only feel warm. Twirl your stick to get to the desired application temperature.
- Apply at a 45-degree angle with ample pressure.
- Remove with a depilatory wax strip in the opposite direction you applied.
- Move quickly when applying and removing wax.

## PRO-TIP

- Apply oil before you wax.
- Lay a large area and use one strip to remove moving quickly
- If the wax seems to dry, rub on the non-woven wax strip to warm up the wax.

# BEECLEAN PRE/POST CLEANSER

If you're working with dry, ultra-sensitive, and depleted skin types, you need HoneyComb Wax Company's BeeClean pre and post cleanser. It disinfects, protects, softens, and soothes skin post-waxing and clears the skin from any unwanted dirt and oil before waxing! How you prep the skin is essential to the outcome of your wax. When picking a product, you want it to do several things. Cleanse, Soothe, and protect. BeeClean offers a combination of powerhouse ingredients that cleanse, nourish, and support skin before and after hair removal. BeeClean has the added benefit of exfoliating at a cellular level with the help of the all-natural ingredient willow bark.

Ingredients: Organic aloe leaf juice, witch hazel, water, glycerin, organic white willow bark extract, pink grapefruit peel oil, tea tree leaf oil, organic alcohol, and tetrasodium.

# BEE SMOOTH PRE/POST OIL

Only the finest earth-friendly ingredients and pure Tea Tree essential oil are used in every bottle of BeeSmooth. Our products are made to be gentle for use and environment-friendly.

BeeSmooth protects, softens, and soothes skin post waxing! With safflower oil being its main ingredient, you get incredible benefits without having a lot of ingredients. Safflower is high in Vitamin E. Vitamin E helps moisturize while alleviating pain, redness, and irritation. Safflower oil is also non-comedogenic, so that you can use this on everyone! It adds an extra barrier to protect the skin when applied before waxing. When applied after waxing, it soothes and prevents further irritation.

- Gently removes wax residue from skin and surfaces
- Soothes and calms freshly waxed skin
- Reduces redness and irritation
- Prevents ingrown hair

## HOW TO USE

- Before waxing, apply a small amount onto the skin and gently wipe off with an esthetic wipe.
- After waxing, apply a small amount onto the skin and gently wipe off with an esthetic wipe.

## FEATURED INGREDIENTS

- Safflower Oil: Soothes, Prevents itching, and acts as a humectant
- Tea Tree Oil: anti-inflammatory, antibacterial

## PRO-TIP

- Spray onto the client's skin and wipe clean
- Keep an esthetic wipe moistened with BeeClean to wipe away clients' sweat during services.

# HIVE DAILY INGROWN SERUM

The best way to keep pesky ingrown hairs away is to keep your pores and follicles clean. With our Hive Daily lotion, you can keep your skin clean and moisturized in between waxes. Retail this to your clients to help them exfoliate and moisturize between appointments. Say goodbye to bumps and irritation with our clinically proven ingrown hair serum. This serum comes in a luxury amber glass bottle with a clog-proof treatment pump. The Serum itself has a smooth satin finish. It leaves skin feeling hydrated without the feeling of a heavy lotion. Hive Daily Ingrown Hair Serum is a gentle ingrown hair treatment serum applied to the skin like a lotion to exfoliate gently, soothe, dissolve bacteria, dirt, dead skin, and excess oil from the root. Made with salicylic acid, which helps reduce swelling and redness while exfoliating the skin. It penetrates past the epidermis to prevent ingrown hairs and reduce itching and irritation after waxing. Made with salicylic acid, which helps reduce swelling and redness while exfoliating the skin.

## FEATURED INGREDIENTS

- Organic Aloe Leaf Juice - Calms and moisturizes
- Glycolic Acid - Exfoliates from beneath the epidermis
- White Willow Bark Extract - Exfoliates from beneath the epidermis
- Malic Acid - promotes the shedding of the outer layer of skin cells
- Lavender - help reduce redness, soothe and calm the skin
- Organic Calendula Flower Extract - Anti-inflammatory
- Hyaluronic acid - Moisturizing

# HIVE TONIC INGROWN SPOT TREATMENT

Say goodbye to bumps and irritation with our Hive Tonic Spot Treatment.

This spot treatment has a concentrated amount of actives to smooth skin quickly when irritation arises. Retail this to your clients to help them exfoliate and moisturize between appointments.

When the opening of a hair follicle is covered with dead skin cells, the hair curls back on itself, forming a (painful) bump, which is ingrown hair; Ingrowns should not be considered normal to have and grow body hair after waxing or shaving. Hive Tonic is a targeted solution that gently exfoliates to help resolve those pesky ingrown hairs.

Hive Tonic is a clinically proven spot treatment that is the perfect sister product to our Hive Daily Ingrown hair serum. It comes in a 10ml roller bottle for easy application. Use to spot treat unwanted blemishes or use larger body areas to give an excellent chemical exfoliation.

- Helps skin recover after waxing
- Removes dead skin cells and unclogs pores
- Brightens skin tone
- Works for all skin types, including sensitive skin.
- A potent combination of active ingredients helps prevent ingrown.
- Exfoliates without drying the skin
- It can be used on all body areas

## FEATURED INGREDIENTS

# BEESUGAR SUGAR SCRUB

Gently polish away dull skin to reveal a healthy-looking glow with this BeeSugar Scrub. Formulated features organic, finely milled sugar to exfoliate and sweet almond oil to hydrate and soften skin with the calming benefits of aloe vera.

Exfoliating aids in keeping skin healthy by removing dead skin cells, lifting away dirt and excess oil, and stimulating circulation. Exfoliate your skin with the healing power of raw sugar. Glycolic acid occurs naturally in sugar and helps cleanse the skin and dissolve dead skin cells. It's also a humectant and will not strip your skin of its precious natural oils. Your skin will thank you with an array of moisturizing carrier oils and premium physical exfoliants.

- Softens and smooths dry skin.
- It contains emollient ingredients that provide superior softening capability.
- Gently exfoliates rough and textured skin
- No artificial fragrance
- Cruelty-Free
- Packaging is recyclable
- Formulated without phthalates, sulfates, parabens, mineral oil, synthetic dyes, or fragrance
- Made in the USA.

## FEATURED INGREDIENTS

- Turbinado Sugar - Exfoliates
- Cane Sugar - increases cell turnover rate
- Aloe Leaf Oil - Calms and moisturizes
- Vitamin E - nourish and protects
- Apricot Kernel Oil - Protects moisture balance

# ROYAL JELLY BODY BALM

Royal Jelly is perfect for problem areas like the elbow, knees, and any place with rough and dry areas. This deeply hydrating balm has an ideal combination of hot and cool that leaves the skin feeling refreshed and moisturized. The Royal Jelly Balm is unique in that it's formulated with Peppermint, Eucalyptus, and Spearmint Essential Oils that create a refreshing cooling sensation. At the same time, Cinnamon, Ginger, and Black Pepper Essential Oils counter with a warming sensation. The ointment-like texture glides on like a dream and eliminates dry spots but quickly sinks into the skin without leaving a gross sticky feeling behind. Royal Jelly can be used multiple times a day until you start seeing visible improvement. The best time to use our Royal Jelly is 48 hours before waxing or shaving.

## FEATURED INGREDIENTS

- Chamomile Flower Oil - anti-inflammation and pain relief
- Juniper Berry Oil - repairs and strengthens the epidermis
- Spearmint Oil - adds cooling sensation and improves circulation
- Cinnamon Leaf Oil- Provides warming sensation and enhances circulation

# SOFT WAX CARTRIDGE WARMER

This Cordless Roll On Wax Warmer heats a single-use HoneyComb Roll-On Wax Cartridge that cuts down your waxing time by at least 50%. This roll-on wax machine rolls the wax with little to no mess in a quick, even layer over skin. Roll-on is the best waxing method for the speed waxer. Its revolutionary design helps eliminate cross-contamination due to the ability to switch out cartridges. Sanitizing the machine at the end of each appointment is easy with a disinfectant wax. The best part is there are no wax sticks needed!

Your portable warmer can easily travel with you. Just plug it in for 30 minutes to get your wax to the right consistency. Then unplug it for 30 minutes of cordless use. Its rounded edges, contoured body shape, and observation window can allow for precision handling.

This sophisticated, well-made wax warmer takes your services to the next level. A heating element that wraps all-around heating keeps your wax at the perfect temperature. The temperature light shows when the warmer regulates your wax by turning it on and off.

## FEATURES

- Indicator Light - turns on and off when plugged in
- Revolutionary heating element. Heats from all sides.
- Removable cord. Cordless option
- Comes with 1 free cartridge of wax

## PRO-TIP

- When the wax moves freely in the picture window it is ready to use.
- Roll on to a depilatory wax strip before applying to the client.

## HOW TO USE

- Insert your favorite HoneyComb Wax Company Soft Wax Cartridge.
- Place your wax cartridge into your roll-on wax warmer, then put on the lid.
- Plug in and ensure indicator light is on.
- Wait Approximately 20 minutes
- Test on a wax strip to ensure the wax is ready to be applied
- Wax Your Client for up to 20 minutes of time.
- Plug back in
- Replace the cartridge with every client

# SMALL HONEY POT

The premium Standard Hard Wax Warmer is perfect for licensed beauty professionals searching for a more sophisticated approach to waxing equipment and makes waxing a breeze. It's made of high-quality components and melts up to 24 OZ of hard wax to an even, honey-like consistency. The 1lb Honey Pot, hard wax warmer, is made for the esthetician that offers facial services or is just starting. It also makes a great at-home warmer.

Featuring a regulated heating dial ranging from 30°C to 80°C and an indicator light that turns on and off, your new electric wax heater makes regulating your wax easy. This sophisticated and beautiful-looking 1lb salon wax warmer also features a rose gold aluminum lid with a black wooden top knob that matches perfectly with the black wooden side handles for that spa-like touch.

## SPECIFICATIONS

- 1.5 lb / 24 OZ Capacity.
- 30°C – 80°C Adjustable Temperature knob.
- 110-120 Volt U.S. Standard 350 Watts.
- Inner Pot Measurement: 4 Inches Wide and 4 Inches Deep.
- Warmer Measurements: 7 Inches Wide and 5 Inches Deep.

SUPPORT@HONEYCOMBWAXCO.COM

602-760-5252

## FEATURES

- Built to last for years with the highest quality components
- Convenient capacity of up to 24 OZ (1.5 lbs) hard wax or a soft wax tin
- Top of the line consistent wax melting as it heats all sides
- Cute and beautifully designed - fits right into your decor
- Compact design takes little space
- Indicator Light - turns on and off to show heat regulation
- Revolutionary heating element. Heats from all sides.
- Adjustable thermostat
- Included a durable, removable insert and aluminum lid

## PRO-TIP

- If the wax is running off your waxing spatula, your wax is most likely too hot.
- Purchase a Wi-Fi Plug(link) to save you time on busy days

## HOW TO USE

- Plug in and turn on your Honey Pot Wax Warmer.
- Place your wax into your Honey Pot wax warmer, then put on the lid.
- Turn the temperature of the warmer up until the wax is fully melted. Stir occasionally.
- Lower the temperature to 40-55°C and let cool to a thick, honey-like texture.
- Turn off your warmer at the end of the day! Mix and test strips on your wrist before performing services on the client.

# DOUBLE HONEY POT

The Honey Pot Double Hard Wax Warmer can hold up a full 2.2lb bag of hard wax. With its two 1.5 lb wax basins, it gives you two small warmers in one. Each Basin has its own heating system, allowing you to warm two different types of waxes at one time.

With two-regulated heating dials ranging from 30°C to 80°C and two indicator lights that turn on and off, your new electric wax heater makes regulating your wax easy. This sophisticated and beautiful-looking double salon wax warmer also features two rose gold aluminum lids with a black wooden top knob that matches perfectly with the black wooden side handles for that spa-like touch. The Double Honey Pot Wax Heater is designed for all types of depilatory wax. The two removable metal baskets make this wax warmer super-easy to clean. The warmer can also be used with hard and soft wax. The double wax pot is an industry-standard size that can accommodate most wax can sizes. You'll impress your clients with your professionalism and taste

## FEATURES

- Indicator Light - turns on and off to show heat regulation
- Revolutionary heating element. Heats from all sides.
- Adjustable thermostat
- Included a durable, removable insert and aluminum lid
- Two 24 OZ basin
- Built to last for years with the highest quality components
- Compact design will take little space on your countertop

## PRO-TIP

- If the wax is running off your waxing spatula, your wax is most likely too hot.
- Purchase a Wi-Fi Plug(link) to save you time on busy days

## HOW TO USE

- Plugin and turn on your Honey Pot Wax Warmer.
- Place your wax into your Honey Pot wax warmer, then put on the lid.
- Turn the temperature of the warmer up until the wax is fully melted. Stir occasionally.
- Lower the temperature to 40-55°C and let cool to a thick, honey-like texture.
- Turn off your warmer at the end of the day! Mix and test strips on your wrist before performing services on the client.

# LARGE HONEY POT

HoneyComb Wax Company was the first wax supply company to revolutionize large wax warmers. We designed a durable, removable insert and upgraded all components. This pot is built to last a lifetime. This 5lb wax warmer (holds more than 7LBS of wax with insert) is everything you need to provide excellent services and save time. Your business will thrive with the amount of time you save by not having to fill your warmer throughout the day.

This large wax warmer is perfect for a busy esthetician who needs a wax warmer that can be ready to go for back-to-back services. Our metal inserts allow you to keep your warmer clean and switch out waxes without headaches.

This sophisticated, well-made wax warmer takes your services to the next level. A heating element that wraps all-around heating keeps your wax at the perfect temperature. The temperature light shows when the warmer regulates your wax by turning it on and off.

## SPECIFICATIONS

- 8 LB basin
- Removable metal insert
- 30°C – 100°C Adjustable Temperature knob.
- 110-120 Volt U.S. Standard 350 Watts.
- Inner Pot Measurements: 6.9 Inches Wide and 5.2 Inches Deep.
- Warmer Measurements: 11.9 X 9.7 X 8.4 Inches
